School Building By-Law Defeated By Ratepayers

The building by-law of the Olds School Division No. 31, to provide new schools at Didsbury and Carstairs, was turned down by the ratepayers at the general vote taken over the whole School Division on Wednesday, January 31. The vote was light, only 1477 eligible ratepayers casting the ballot. Of this total 450 voted for the by-law, 1015 voted against, with 12 spoiled ballots.

The Didsbury poll favored the by-law with 161 voting "For" and 18 "Against." At Carstairs, where one of the schools was to have been built, the vote was 35 "For" and 62 against.

Now that the building by-law has been turned down by the ratepayers the matter of the new schools is thrown back into the hands of the board of trustees of the Olds School Division No. 31, and with the urgent need for more school accommodation at Didsbury and Carstairs some decision will have to be made immediately.

Following is the result of the polls:

THOUSANDS of terror-stricken Koreans came to the rice paddies south of Seoul as they fled the advancing Reds. An estimated half million refugees are being directed to southwestern Korea for eventual transport to an island haven. Scenes like the above show how the UN forces have been hampered by the fleeing refugees. As it is the UN's policy to assist these terror-stricken people, wherever possible, hundreds of well needed troops have been assigned the task of inspecting the refugees belongings to make sure that they are not carrying concealed weapons.

Drilling Progressing At Local Oil Wells

With the spudding in of the oil well on the Jim Wilson farm, about 12 miles east of Didsbury, known as Olds Bailey No. 1, further oil activity is underway in this district.

The well is being drilled by the Regent Drilling Company, of which a local man, Mr. Lewis McCulloch, is a partner, and actual drilling commenced last weekend.

The Superior Robertson well to the south-west of Didsbury is making almost record progress and is down to almost the 5000 foot mark, according to drilling officials. No further information is available on this well.

Stiff Fines Meted Out For Game Infractions

Game Guardians E. McCarthy and Joe Williams have been busy the past several weeks making a periodic check of sawmill camps. A number of violations of the Game Act were prosecuted and the violators all appeared before Police Magistrate D.N. McDonald in Didsbury.

On January 18, Hickey and Skog, sawmill operators west of Water Valley were fined \$25 and costs for having an Elk on their premises. This action followed investigation by E. McCarthy, Game Guardian of Olds, and Ed Horning, president of the Carstairs Fish and Game Association.

Also on January 18 Albert Koster, a sawmill operator west of Silver Creek, appeared before the magistrate and was fined \$100 and costs for having moose meat on his camp site and for killing young moose out of season.

The heaviest fine was imposed January 20 when Charles Charrand of Crammond was fined a total of \$150 and costs on two charges. One charge was for the illegal possession of big game and the other was for moose meat being on a sawmill campsite.

The local game authorities expressed the view that the heavy fines imposed would probably put to an end game regulation infractions by camp owners—Olds Gazette.

Four Councillors And Mayor To Be Elected

Monday, February 19, is nomination day in Didsbury and from 11:00 a.m. until 12:00 noon the Returning Officer, F. L. Evans, will receive nominations at the town office for two school trustees, mayor, and four councillors.

The retiring school trustees this year on the Didsbury School Board are Mr. W. Reiber and Mr. Harry McCulloch.

Mr. H. Lynch-Staunton has completed another two-year term as Mayor, and the office becomes vacant.

Owing to the death of Mr. H. M. Bowman and the fact that Mr. Dale Kimmel no longer resides in town, these two council seats are vacant.

Along with the retirement this year of Mr. James Calhoun and of Mr. George Parsons, and four nominations will be needed to fill the vacancies on the town council.

Local Scouts Survive Operation 'Polar Bear'

An overnight cold-weather endurance test was carried out February 3 and 4 by the leaders of the Second Troop Didsbury Boy Scouts, Peter Waldin, Scoutmaster; Abe Sawatzky, Assistant Scoutmaster; Patrol Leader Edward Oke; and Seconds Harley Dyck, Willard Stauffer and Ken Neufeld.

Temperatures reached a near 10 below overnight at their camp site about 15 miles west of Didsbury. Transportation was provided within a mile of the proposed camp and from this point each Scout carried his own pack through fences, brush and deep snow. Three shelters were constructed with spruce boughs for protection during the night.

All four Scouts passed their second class cooking test consisting of a full course meal made without cooking utensils. A three-mile evasive trail prepared by the Scout Master and the Assistant Scout Master was followed and recorded by the boys to qualify for part of the tracking test.

The leaders can proudly report that every member slept warm and comfortable, some in home-made sleeping bags. It was a successful camp, true to Boy Scout methods.

Parents, if you want to be proud of your boy and have him become a good citizen, don't deny him the privilege of becoming a member of the Boy Scout movement. It is better to build boys than to mend men.

Hot Lunches Served To Elkton School Pupils

In November the students at Elkton School listened to a health broadcast about the "Kettle Pot The Kettle On." The main idea of the broadcast was better lunches. After some consideration it was decided to bring hot lunches to school.

The children sponsored a Halloween masquerade party for the Junior Red Cross. With part of the proceeds they bought cups and kettles and other necessary utensils.

The co-operative mothers agreed to take turns supplying soup each week. The Olds School Division supplies the cocoa and sugar, while the parents supply the milk for the cocoa.

The children have soup three days and cocoa for the remainder of the week. As a result every child is enjoying hot lunches and better health.

H. M. Bowman Passes Suddenly On Monday

Death took one of Didsbury's outstanding citizens early Monday morning in the Didsbury Hospital when Harvey McNally Bowman passed away following a stroke on Sunday.

Mr. Bowman was 63 years of age and was born in Broomfield, Ontario, in 1888. He took a business course in Kitchener, Ontario, and came west in 1908. In 1917 he married Jessie Halliday Ross in Toronto and for the next 30 years he bought grain in the west for the Red River Grain Company. From 1917 until 1941 he was at Lloydminster; at Saskatoon from 1941 until 1947; at Edmonton from 1947 until 1952, and at Calgary from 1952 to 1950 he was company superintendent.

Mr. Bowman came to Didsbury from Knox, Ontario, where he operated the Reliance elevator here until 1945 when he left the company to look after his farming interests in the district. Later he took a position at Edford Motors, where he was employed until his death.

Mr. Bowman has been a member of the Council of the Town of Didsbury for the past eight years, and served the community well. He was a Past Patron of St. Hilda Chapter O.E.S., a member of Knox, Hiram, Macleod Lodge, and a board member of Knox United Church.

Surviving besides his wife are one son, Ross, of Edmonton; three daughters, Mrs. Isabel MacLester, Calgary, Mrs. Elizabeth MacLester, Lacombe, and Mrs. Pauline Cooley, Olds; one brother, Howard, Calgary, and a sister, Mrs. O.R. Weigand, Oshawa, Ontario.

Funeral services will be held from Knox United Church, Didsbury, at 3 p.m. on Wednesday, February 7, with Rev. C. C. Armstrong officiating. Members of the Town Council will act as pallbearers, and burial will follow in the Didsbury cemetery with Didsbury Funeral home in charge of arrangements.

Good Attendance At Rugby W. I. Meeting

With an attendance of 15 the February meeting of the Rugby W. I. was held at the home of the District President, Mr. MacNaughton. After the usual opening exercises the members got down to business, and it was decided to make a donation of \$50 to the Red Cross Crippled Children's Hospital. Plans were made to pay a visit to the new hospital in Calgary on Thursday, February 22.

A letter of thanks was received from the Unitarian Service Committee for the parcel of clothing sent by the Rugby W.I. for overseas shipment. It is hoped to dispatch another parcel shortly.

Mrs. Scott gave a list of handicraft articles to be made for the convention. She also read a very interesting article from the Cancer Society on the work it is doing with their "research bed" they have at the U. of A. Hospital.

By this time the afternoon was on the wane and the meeting closed with the National Anthem, and all authors took the tea table for lunch, with plenty of talk and laughter.

The March meeting will be at the home of Mrs. Thompson.

Beavers Head Rosebud H. S. Hockey League

The Rosebud High School Hockey League wound up its schedule of games on Friday, February 2, in point score Didsbury and Olds were tied, as were Carstairs and Bowden. Goal averages were used to determine final standings and this placed the Didsbury Beavers at the top of the league.

The first playoff in the semi-final series takes place tonight in Carstairs when the Beavers meet Olds in a two-game total goal series. Olds is playing a similar series with Bowden. If, as expected, both Olds and the Beavers win their semi-final series, next week should provide some first-class hockey in the finals, which is a three game series, two out of three games.

M.V.B.C. NEWS

We wish to remind all our friends in the community that Mountain View Bible College welcomes you to the annual "Open House" function on Friday evening, February 9, at 8 o'clock. This being our Silver Anniversary year we promise you especially excellent entertainment, an interesting tour through the buildings, tasty refreshments, and a cheerful warm reception in general. The "Open House" committee would appreciate it very much if all our guests would enter by way of the front door of the main or administration building. Here you will be cordially greeted and assisted in your evening's visiting exercises.

Last Thursday evening the 12 members of the 1951 graduating class were royally entertained at dinner in the home of Mr. and Mrs. Stauffer. The delicious meal of beef steak and onions, salad and all that goes with it, climaxed with an abundance of strawberry ice cream topped with huge strawberries, lots of cake and cookies disappeared like magic. The evening was spent in games and singing. Mr. Stauffer is an alumnus of M.V.B.C. Mr. Stauffer, however, is always happy to assist in his warm-hearted gestures towards the students of his Alma Mater.

On Friday evening Mrs. Ellen Hansen Snyder, graduate of 1941, was dinner guest speaker at the Worldwide Evangelization Crusade. Mrs. Snyder is a forceful speaker and her impressive words to us thrust a stirring challenge to every one to hurry forth to the work of saving the lost.

On Saturday evening, February 10, the College A Cappella Choir will make its 1951 debut. It will furnish all of the music for the Youth For Christ rally at Western Canada High in Calgary. The A Cappella Choir is again under the able direction of Mr. G. Lyle Richardson. Mr. John F. Wilson, piano instructor here is a member of the Choir.

Many items of personal interest must of necessity be omitted this week.

"There's a fact that's worth the knowing. So treasure it and mark it well; When the mind is thus with growing, Then the head begins to swell."

LEGAL REASON FOR TAKING THE CENSUS IN CANADA

The Ninth Decennial Census of Canada in June is based on fundamental legal requirements dating from Confederation. Under Section 51 of the British North American Act, 1867, it was enacted that after the completion of the Census of 1871, and of each subsequent decennial census, representation from

the provinces should be readjusted by such authority, in such manner and from such time as the Parliament of Canada provided, subject to certain rules. The chief of these rules was that the Province of Quebec should have fixed number of Members (65) and that the representation of other provinces in the House of Commons should bear the same proportion to the population of the province as the number 65

bears to the population of the Province of Quebec.

In 1946, Section 51 of the British North American Act was repealed and a new Section substituted, as follows:

"The number of Members of the House of Commons shall be 225 and the representation of the Provinces therein shall forthwith, upon the coming into force of this Section, and thereafter on the completion of each decennial census, be readjusted according to the following rules:— (a) subject as hereinafter provided, there shall be assigned to each of the provinces the number of Members computed by dividing the total population of the provinces by 251 and by dividing the population of each province by the quotient so obtained . . ."

This new Section thus did away with the former provision in the Act by which the Province of Quebec was given a fixed representation for determining the quotient upon which representation in other provinces could be calculated. Accordingly, the membership of the House of Commons was increased from 245 to 255 (including one member from the Yukon).

Representation of the Province of Quebec was increased by the 1947 readjustment from 65 to 73 members, that of Ontario from 82 to 83, Nova Scotia from 12 to 13, and British Columbia from 16 to 18. Manitoba and Saskatchewan each lost one seat, the new representation of the former being 16 and of the latter 20 members. Representation of the remaining three provinces was unchanged, viz., New Brunswick, 10; Prince Edward Island, four; with Alberta 17. Seven seats were given to Newfoundland on its entry into Confederation at midnight, March 31, 1949, raising the total membership in the House of Commons to 262.

Since 1911 there have been some substantial shifts in population as between provinces and further changes are likely to take place in provincial representation in the House of Commons in the next redistribution of seats following the 1951 Census.

Preparedness In Homes, Apartments

Cities are more susceptible to air attack than are the small towns, said Air Vice Marshal G.R. Howsam, Provincial Co-ordinator of Civil Defence.

Air Vice Marshal Howsam said, "It will be remembered that Premier Manning told us, Alberta is unlikely to be selected for mass air attack. The Premier also said enemy bombers were likely to pass over Alberta en route to the large industrial centres in the U.S. If the enemy bombers are turned back by our fighter aircraft they would want to drop their bomb loads at once, and any handy rural target might be attacked.

If a bomber had any choice he would drop his bomb load on important targets such as industrial areas where more damage would be caused, said the Provincial Co-ordinator. For this reason city dwellers must take special precaution, he added.

"On the other hand city dwellers have more neighbours organized in individuals and civil defence units, which would rally around to give aid. Self help and mutual aid are the two important keys to survival under air attack," said Air Vice Marshal Howsam.

An explosion would likely damage the upper portion of a house. Therefore, the safest place usually was in the basement against an outside wall. If there was no basement, the lowest part of the house away from windows, would be the safest.

The Provincial Co-ordinator said municipal civil defence officials will give advice regarding furnaces, hot water pipes, and locating the shelter in close proximity to the basement stairs or some alternative exit. A radio is not essential equipment for the shelter but could be an aid to keep those in the shelter informed and it would be easy to take a small radio to the basement. The radio could either be on electric or a battery set.

"Remember about windows," said Air Vice Marshal Howsam. "Cover them with heavy cardboard, plywood, or even a thick piece of blanket, in order to prevent shattered glass being blown inward."

Lying under a heavy laundry table or work bench is a good form of protection. It would be desirable to have a flash light and a small emergency kit handy.

Air Vice Marshal again cautioned that oily rags, trash, and papers lying around could be a serious fire danger. Fire and explosion were the great dangers of the second Great War.

The Provincial Co-ordinator said cars would be protected in garages. If left on the street they would be a public hazard because they would delay civil defence workers and fire engines and ambulances.

Civil defence rules for apartments were similar to those applicable to private homes. However, local civil defence officials will make rulings on the use of shelters in apartments.

Persons living in suites or apartments should have shelters as those living in private homes.

Air Vice Marshal Howsam said apartment dwellers should use inside stairs when going to the basement because an outside fire escape might be loosened by an explosion or blast. The weight of a person would cause it to collapse.

"Don't pile boxes or papers on outside fire escapes because they are a serious fire hazard."
